

Distinctive Is Our Real Estate Company!

We have been enjoying our new house! We love it!! Johnny has already made friends next door. That is both of the Johnnies. Johnny has a new drinking buddy and Johnny 5 has a new friend who was born 4 days before him named Landon.

We told Steve that he needed to sell our house in 30 days. That he did, and more! Our house was featured on the cover of North-

shore Homes and we had one to three showings almost every day. **Steve sold our house in 12 days** and brought us 3 contracts.

When the house we wanted fell through, we had to find a new one quickly in order to close in time. Steve spent many evenings with us and pulled every listing in our criteria. He was patient, didn't rush us or pressure us, and gave good insight into the real estate market making us feel secure and confident about our purchase. He listened to what we wanted and helped us narrow down our choices. In the end, we found a home even better! **I highly recommend Steve Dixon with Distinctive Real Estate to sell or buy a home!**

We greatly appreciate all you have done. The time you have given us and patience you have shown. I am sorry to say we won't need you for a while, since we both have decided we are never moving our stuff again. Lots of work! We will however, be giving your name to anyone we meet who is looking for the perfect agent.

Thanks a million,
